[account number and loan suffix(s)]

I understand that by deferring my monthly payment(s) on my loan(s) (i) the final payment date will be extended, (ii) I will be charged more interest over the life of the loan and (iii) the final payment amount will change due to the accumulated interest. (iv) approval of this request to skip-a-payment is in the sole and absolute discretion of the Credit Union. I understand that any GAP policies I may have purchased will only cover an additional 2 (two) months of extended payment(s), therefore, should my deferral of payment increase the number of payments by more than 2 additional months, then the GAP policies will not cover the any of the payments in excess of the 2 additional months. **Members must be in good standing to qualify.
